Select Electric Inc.
1425 Presioca St
Spring Valley, CA 91979

Reference: Exposition Light Rail Transit Line- Phase 1
Subject: Letter of Recommendation

To Whom It May Concern:

Select Electric, Inc. is currently performing work as a subcontractor to FFP on the Exposition Light Rail Transit Line- Phase 1. Select Electric, Inc.'s scope of work includes railroad signaling, station platform electrical & communications, traffic signals, street lighting, interconnect, fiber optics and CCTV cameras.

The craftsmanship and quality of work in addition to the safe manner in which the work has been performed by Select Electric, Inc. has met or exceeded the requirements of the contract. In addition, Select Electric, Inc. has always met or improved on the installation schedules provided and is considered a key team player on the project.

While Select Electric, Inc has been on the EXPO project it has been recognized by the FFP managers that Select Electric, Inc.'s attention to Safety, Quality, and Productivity is viewed as core value to them. FFP has not been concerned whether or not the installation will be to our standards as Select Electric, Inc.'s standards amongst themselves meet and/or exceed those written in any standard specifications.

We strongly recommend Select Electric Inc. to any project pertaining to above referenced work.

Sincerely,

Troy Neuenswander
Deputy Project Manager
FCI/Parsons/Fluor, a Joint Venture
